

strawberry

Hullo to You

Welcome to our 3rd Inspirational Product Catalogue. This issue is particularly close to our heart, as the catalogue and a lot of the products in it have been designed and chosen with "GREEN" in mind.

We at Strawberry are great supporters of all things "green", and in our personal lives we endeavour to live a green life, eating foods that are raw and organic, drinking clean water, using skin and hair care products that are kind to our bodies and also kind to the environment, and by eliminating as many harmful chemicals and products from our lives as possible. We also work hard at recycling and reducing water and electrical consumption.

With the making of this catalogue, we have gone green by producing all the material electronically and thus saving on production of plastic litho films, and instead of using "traditional leaded" ink, we have chosen vegetable based inks. And finally we have introduced into our product selection, a number of environmentally friendly (and human friendly) products that beautify and heal the body and mind, whilst keeping your system clean and toxin free.

So many skin and hair care products and make-up lines actually pollute the body (whilst claiming to beautify it), and over many years of usage of these products, the chemical cocktail that builds up in our bodies is potentially harmful and dangerous to our health and well-being.

We now offer you Strawberry's Natural and Organic solutions, a greener alternative for your salon, your clients and for you!

Aside from the green products, we have also included all the traditional products along with some exciting new product innovations, and an introduction to our affiliated companies.

So take your time, browse at your leisure, visit our web-site www.strawberry.co.za or pop in at our offices where we look forward to welcoming you with a cup of Green Tea!

Thank you to the industry for supporting us with your purchases and loyalty – you, our customers, are the reason for us getting up in the morning!

Enjoy...

John and Michelle Mountain

John Michelle

How to Order

We are predominantly a Mail Order company, so shopping with us is a fun and simple experience, and is as easy as 1,2,3. We deliver ANYWHERE in the country. Our speedy courier service will get goods to you in any of the nine provinces in just two working days.

Our head office is situated in Parow, Cape Town, with outlets in Johannesburg and Durban.

Contact Details

- **Head Office**
24 Milner Road, Parow,
7500, Cape Town
Telephone: 021 930 4444
Fax: 021 930 7333
- **Sales e-mail**
sales@strawberry.co.za
- **Enquiries**
always@strawberry.co.za

Order Easy as 1-2-3

1. Provide your name, salon name, address and telephone number.
2. Advise the products and quantity you require, codes always welcome.
3. Advise method of payment and delivery.

Then sit back and relax while we deliver your goods directly to your door.

Order On-line

www.strawberry.co.za

- Simply log onto our website, view all products, make your selection, pop your goodies into the shopping basket, pay by credit card and await your delivery to your door.

HOT FILM WAX

A unique and improved Hot Wax application. "Film Wax" provides the therapist and client with improved and pleasing depilatory results. Containing plasticisers, this hot film wax is applied economically thin, and maintains its flexibility during application and removal.

500gm slab

Strawberry Tip!
Great for Brazilian Waxes!

DO YOU DO BRAZILIAN WAXING?

If yes, then you should be using this Film Wax.

Extensive testing of our Hot Film Wax has led to its position as European leader of wax specific for the increasingly popular "Brazilian" waxing method.

Used without fabric or muslin strips, Hot Film Wax remains extremely pliable during use and removal. This creates more comfort for the client and is certainly easier for the therapist. A practical solution to a quicker, more effective Brazilian Wax.

What do you need to get Brazilian Waxing going in your salon?

If you already have a Beehive 1000cc Multi Wax Heater, then simply purchase another Inner Container to heat the Hot Film Wax up in. If you are starting from the beginning, then our Brazilian Waxing Kit will get you started...

The Brazilian Waxing Kit contains:

2kg Hot Film Wax
4 blocks

Box of Gloves
Vinyl medium or small

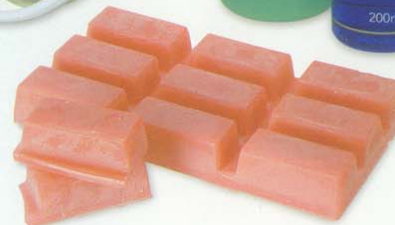

Pre Wax Spray
400ml

Azulene After Wax Control
200ml

Ice Pack
cooling and soothing

MISCELLANEOUS ACCESSORIES

Health Tip! Strawberry likes to consider your health, and so we recommend that you use Corn Flour (totally natural) instead of baby powder. Most baby powder contains talc, and may contain aluminium, and both are hazardous to your health. Corn Flour provides an effective, healthy alternative – better for you and better for your client. (It's much cheaper too!)

Warm Paraffin Wax

Dolce Paraffin Wax System Treatment - Step by Step.

- Step 1. Prepare your paraffin wax heater well in advance of your clients booking time. Fill the heater with 3 kilograms of the paraffin wax of your choice, and heat the paraffin wax.

- Step 5. Once the dipping has been completed, place a protective bag over the hands or feet. This keeps your mittens and booties clean inside, and also aids in the heating process.

- Step 2. Once the paraffin wax is ready, gently cleanse the client's hands or feet using Dolce Hand and Foot Cleanser. This provides a health benefit when dipping.

- Step 6. Leave your client to rest their hands and feet in the mittens and booties for approximately 15 minutes. (for extra warmth and penetration of product). Remove the mittens and booties. Remove the plastic protective bags, and gently peel away the cooled paraffin wax.

- Step 3. Dry the hands after the cleanser and then apply a generous amount of Dolce Collagen and Elastin Lotion.

- Step 7. Finish off your professional paraffin wax treatment by gently massaging in either the Dolce Hand Cream or Foot Cream, further nourishing and feeding the skin.

- Step 4. Place your clients hand (or foot) into the Dolce Paraffin Wax Heater, ensuring coverage to the ankles and wrists. Withdraw your clients hand or foot, allow about 20 seconds for the coating of paraffin wax to firm, then dip again, and repeat this process 3 times.

- Step 8. Your clients hands and feet will feel beautifully smooth and will look, nourished and youthful. Dolce Paraffin Wax Products... for Perfect Paraffin Waxing.

DOLCE PARAFFIN WAX SYSTEM

Direct from Italy, the Dolce Warm Paraffin System is both very affordable and extremely effective. A petroleum by-product with excellent heat retention properties, Dolce Paraffin Wax is particularly suited for dry hands, feet, elbows and faces. The coating of warm Dolce Paraffin Wax increases the blood circulation to the area, opening the pores. From the increase in heat and circulation, perspiration occurs, functioning as a mini-sauna on the area being treated.

The Dolce treatment creams, or suitable Florylis Ampoules, are then readily absorbed into the skin. Skin that was once very dry, flaky and aged, now appears youthful, fresh, healthy and glowing.

Strawberry Tip!

For spectacularly nourished and glowing facial skin, apply a selection of our Florylis Ampoules on your clients face, apply gauze, and then apply paraffin wax.

The Dolce Paraffin Wax Heater is thermostatically controlled, and can hold up to 3 kilograms of wax at a time. A big benefit of this heater is the ample space inside for large hands and feet.

Organic and Natural Products

"Over the last 50 years we have managed to create a chemical world..."

The World We Live In

Today we live in a toxic world. Pollution is measured at record highs, with no sign of abatement or reduction. Even the most far-flung places on our earth, tiny islands in distant seas, are poisoned, poisoned by humankind, in one way or another.

Over the last 50 years we have managed to create a chemical world, a world full of additives, pesticides, hormones, artificial this, and processed that, for our children and ourselves. Many different industries continue to formulate hundreds of new chemicals, adding to the huge toxic overload of more than 100,000 man-made chemicals already in existence.

We cannot escape these pollutants. In one year the average person breathes in two grams of solid pollution, eats 5.5 kilograms of food additives, absorbs 4.5 litres of pesticides and herbicides sprayed on fruit and vegetables, and receives nitrates, hormones and antibiotic residues from water and food.

Most women spend hours every week looking after their skin. We purchase expensive cleansers, toners, moisturisers, masks, scrubs, night creams, eye gels, body lotions and a whole host of other lotions and products in the pursuit of beauty and clear complexions.

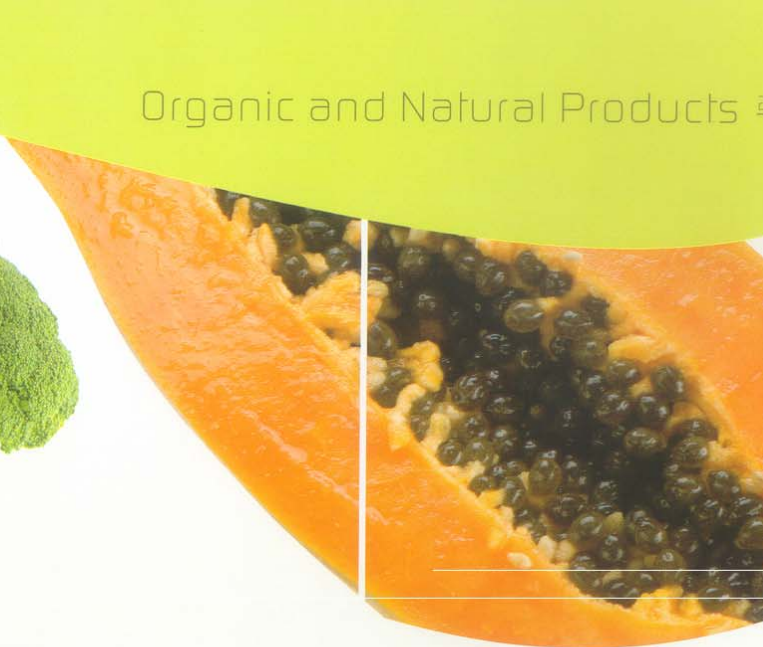

Beauty salons, spas and wellness centres offer hundreds of treatment varieties, using glamorous, highly advertised skin care cosmetics, promises of beauty, better looking skin and "health".

Unfortunately the majority of traditional skin-care formulations and products are laden with man-made artificial chemicals.

Knowing that our skin can absorb up to 60% of any substance applied to it, during a facial or body treatment, you expose yourself and your client, to hundreds of really toxic and harmful chemicals.

It is recorded that women can absorb up to 2 kilograms of chemicals through their skin every year! Expand that over decades of cosmetic and personal toiletry use, and you have anything up to 100 kgs of awful chemicals going into our bodies, many of them creating havoc at many levels. It is no wonder that there is so much cancer, of all body parts.

Organic and Natural Products

"You can control what you are exposed to."

These chemicals absorb into our bodies and into our bloodstream, and travel through to our brains, hearts and lungs, reaching every cell and organ. A greater tragedy is that even babies in the womb are affected. During the nine months inside the womb, they can accumulate significant levels of toxins, sometimes causing birth defects and other future health problems. It is no wonder there is so much cancer about.

The Power to Change

As informed and educated somatologists, with the power of choice in your hands, you can reduce your exposure and your clients to products of risk.

You can control what you are exposed to. You can reduce the amount of toxins going into your body, by choosing as many healthy, natural and organic skin care products and personal toiletries, (and by eating and drinking natural and organic).

At Strawberry, we have chosen to lead as natural and organic a lifestyle as possible, and have incorporated that philosophy into our business. Knowing that skin care therapists are exposed on a daily basis to a multitude more products and chemicals, we have carefully selected a few product ranges, certified organic and natural, to help you take care of your health and wellbeing, and that of your clients.

Strawberry is pleased to offer you a selection of natural and certified organic products that you can use in your salon, for treatments, and for your home and family, products that are healthy for you, your client and the environment.

Strawberry's natural inspirations...
....because we really do care!

Organic and Natural Products

Facial Care

GREEN PEOPLE

Green People are committed to promoting an organic lifestyle by providing products that are 100% natural, certified organic ingredients and highly effective.

None of our formulations or products are, or ever have been tested on animals and most of our products are approved by the Vegan Society. All of our products are suitable for Vegetarians.

Green People offers: Skin Care, Body Care, Personal Care for men and women, Toiletries for children and babies.

We Use

- 100% gentle,
- 100% vegetarian,
- 100% cruelty-free ingredients.
- Certified Organic plant oils, herbal infusions, essential oils and natural minerals.

We Don't Use

- Parabens, Petrochemicals, Sodium Lauryl/Laureth Sulphate, Ethyl alcohol, PABA-sunscreen, Urea, PEG's, DEA and TEA.
- Irritating Emulsifiers
- Synthetic Colours
- Perfume or any unnecessary synthetic additives common in many health and beauty products.

In a spa environment where somatologists are coming into constant contact with skin care products, cream and lotions all day, it is wise for them to consider the health benefits of reducing their exposure to the synthetic chemicals and additives that may become a toxic burden in their bodies.

You should be using this as a product in your salon, for yourself, as well as recommending it as a retail product to your clients and their family.

Organic and Natural Products Facial Care

★ Great Retail Opportunity

Organic and Natural Products Body Care

BODY SCRUBS

Figure Friendly Organic Sugar

Based on organic raw cane sugar and plant oils to gently exfoliate the skin, whilst protecting and nourishing.

Sugar crystals are hexagonal in shape, making them gentler kinder to the skin than salt. Also included Calendula oil excellent for sore, damaged and irritated skin, Olive leaf extract with powerful anti-oxidant activity, Avocado oil rich in Vitamins A and E both essential for healthy skin, and Jojoba oil, shown to increase skin softness by over 35% and to reduce wrinkles and dryness.

- Exfoliating, protecting and nourishing.
- Removes toxins at a deep level.
- Gentle for sensitive and delicate skin.
- More than 95% Organic Certified by the Soil Association and the Organic Food Federation.

DEEP MOISTURISING ORGANIC BODY BUTTER

Keep your skin moisturised all year round with our Organic Body Butter formulated with 100% Organic Plant oils. Great for use after bathing or showering – a little goes a long way!

Green People use Organic Hemp oil as it is a rich source of fatty acids, principally Omega-6, with small amounts of Omega-3 and Omega-9. More than 75% of the fatty acids in hemp oil are poly-unsaturated and are known for their excellent emollient and lubricating properties.

- Relieves dry skin conditions.
- Rich in Omega-3, 6 and 9 Fatty Acids.
- Gentle for sensitive and irritated skin.
- More than 95% Organic Certified by the Soil Association.

Jojoba oil is unique among plant oils, as it is actually a liquid wax, closely resembling the chemical structure of sebum, our natural skin and hair lubricant, and is also rich in Vitamin E.

Organic and Natural Products

Hair and Body Care

SHOWER GEL

100% Biodegradable and highly concentrated. This delightful shower gel washes gently, cleanses and moisturises your skin. It can be used both on the face and body.

Spas the world over are placing Green People's shower gel in their shower and bathroom facilities, easing the toxic burden on their clients as well as the environment.

INTENSIVE REPAIR CONDITIONER

It is based on herbal infusions of Organic Green Tea and Organic Horsetail - a rich source of the mineral silica, essential for maintaining hair structure. It also contains Quinoa oil - rich in oil soluble vitamins - added to hydrate and protect the hair.

Organic and Natural Products Teeth and Sun

TOOTHPASTES

Most toothpastes contain numerous harmful and toxic chemicals such as Sodium Lauryl Sulphate, Triclosan, Fluoride and artificial sweeteners. These are absorbed into the body through the gums and mucous membranes of the mouth, as well as other parts of the gastrointestinal tract due to swallowing saliva, especially in the case of children.

Ingredient listings are almost never found on toothpastes keeping the user in the dark as to what they contain.

Green People believes in full disclosure of all ingredients in all our products, allowing you to make an informed and healthy choice.

SUN LOTIONS AND SUN BLOCKS

To avoid premature ageing, and protect against long term damage from UVA rays, it is important to choose a product providing natural antioxidants and effective protection from both UVA and UVB radiation.

Green People's Organic Sun Care Formulations combine natural UVA and UVB filters with antioxidants from Green Tea, Olive Leaf and Rosemary to support the skin's natural immune system and help protect against cell damage.

Green People use only naturally derived UV-filters; Earth minerals, Cinnamic acid esters and Edelweiss. Titanium dioxide is coated with natural silicates to prevent the formation of free radicals. Cinnamic acid esters are derived from cinnamon acid found in cinnamon leaves and protects against UVB rays, the main cause of burning and reddened skin. Edelweiss plays a major role in our sun care formulations. It acts like an additional UV filter and has great antioxidant properties. For environmental consideration, the Edelweiss is specially planted so that no damage is done to the wild species.

Green Peoples Organic products are developed with extra special care for sensitive skins. Highly effective formulations with all natural and certified organic ingredients, ensure that young children and adults use only the finest, healthiest products.

JUST FOR HER

Proof! Magazine, a British publication, has recently rated Green People's Rosemary gentle Control Deodorant as the "Best Deodorant", after pitting it up against another five different natural products.

Gentle Control Deodorant
No scent
75ml

Gentle Control Deodorant
Rosemary

Deodorants

- No parabens, triclosan alcohol and aluminium.
- Safe, natural control of body odour.
- Highly effective – will keep you fresh all day.
- Suitable for sensitive skin.

JUST FOR HIM

More and more men are reacting to the synthetic chemicals used in most brands of male grooming products. Natural, organic formulations offer kinder solutions, with Sunflower and Olive Oils in the Shaving Gel to prevent razor burn, Aloe Vera for soothing and calming. The deodorant contains essential oils of Peppermint and Eucalyptus revealing a fresh, cool fragrance with excellent anti-bacterial properties.

Traditional Skin and Bodycare Florylis Ampoules

Manufactured in the heart of France, Florylis is one of the world's most popular and effective ranges of concentrated ampoules. Produced with highly active ingredients and preparations, Florylis Ampoules can be used both with or without electrical current, under masks in a facial treatment, for facial massage, under a paraffin mask, or by itself as a skin boost.

Florylis Ampoules are compatible with all skin care and cosmetic brands.

They are packaged 10 x 3ml phials per box.

This sign ♦ indicates that the Ampoule can be used with "electrical current" machines.

♦ Apricot

Concentrated with natural Apricot Extract, selected for its smoothing and refining properties. It also contains Vitamin A to feed and nourish the skin. Suitable for Dry skin.

Camomile Care

Known since antiquity for its soothing and purifying properties, this highly concentrated Camomile preparation is specially adapted to oily skin. Helps soften the superficial part of the skin and restore a perfect balance. Suitable for Oily skin.

Chinese Mandarin

This unique concentrated formula purifies and rebalances, preserving the skins suppleness and fineness. Suitable for Oily skin.

♦ Collagen

This boost of Collagen gives the skin essential elements to maintain smoothness, reduce wrinkles and radiantly restore youth and vitality. Great for aged or tired skin. Suitable for All skin types.

♦ Elastin

Restoring nourishment, suppleness and tone, this highly concentrated application of Elastin provides the skin with vital elements that are naturally lost over time. Suitable for Aged and Dry skin.

♦ Marine Extract

Concentrated with Sea Extract and enriched with extract of Witch Hazel, this very modern formula tones, moisturizes and refreshes. Suitable for Oily skin.

Royal Jelly

Well known for its unique regenerative properties, the Royal Jelly concentrate, obtained from nature's bounty, gives the skin all the richness it needs. Suitable for All skins.

Vitamin C

Highly concentrated in Vitamin C, extremely important for the synthesis of collagen, Florylis' Vitamin C ampoules reproduce all the natural benefits of the orange. Its trace elements, fruit acids and vitamins protect the upper layers of the epidermis, moisturize the skin and help to regain a radiant appearance. Anti-oxidant and anti-ageing. This ampoule must be shaken before use to agitate the natural concentrate. Suitable for All skin types.

Hydratant Moisturizing

Concentrated with Moisturizing Rich Complex, this ampoule is specifically for dry and very dry skins. Hydratant restores tone, suppleness and nourishment for dehydrated skins. Suitable for Extremely Dry skin.

Instant Beauty

Restoring radiance and beauty, Instant Beauty ampoules are concentrated with a regenerating, firming and moisturizing Original Active Ingredient, smoothing and revitalizing. Suitable for All skin.

2ml 10 per box

Traditional Skin and Bodycare Calypso Galvanic Gel

Negatively Charged

Developed for use with all types of Galvanic machines, Calypso Galvanic Gel is used to:

- Remove all impurities and unwanted deposits from the skin.
- Normalize acid-prone oily skin and alkaline-prone dry skin.
- Improve the suppleness, tone and elasticity of the skin.
- Protect the skin from damaging exposure to the environment.

Conductive Lotion

A pH balanced solution designed to neutralize the skins natural resistance to low voltage electrical current.

Disincrustation Gel

For deep cleansing of the skin. This gel contains Azulene to soothe and the essential oil of Chamomile to calm and relax the skin.

Normal / Oily Skin

This normalizing gel contains the essential oil of Lavender for its healing properties, Blackcurrant for its source of Vitamin C, extracts of White Grape to tone and the highly effective antiseptic Triclosan.

Sensitive Skin

Sensitive skin will be greatly improved through the use of this gel which contains Bisabolol, a recognized anti-inflammatory product, Allantoin for repair and healing, Comfrey for soothing and the essential oil of Rose for nourishing and settling.

Dry / Mature Skin

This unique gel boosts aged and dry skin. Containing Hyaluronic Acid for increased hydration and elasticity, the essential oil of Neroli for nourishment, Ginseng for revitalizing and Evening Primrose Oil for softening of the skin.

Anti-Cellulite

This effective anti-cellulite gel contains Theophyllisilane to actively counter cellulite, as well as Alpha Hydroxy Acids to encourage smoother, softer, younger looking skin.

Hi-Frequency Oxygenating Cream

A silky soft cream to be used with High Frequency. Giving out Ozone, this gentle cream sterilizes the skin. The ozone generates a "sea-air" aroma.

Rejuvenating Gel

To be used as the final stage of the deep cleansing galvanic and high frequency treatment. Together with the stimulation of Kelp and Sea Lavender, mucopoly-saccharides vastly improve the visco-elastic properties of the skin, revitalizing and rejuvenating.

Traditional Skin and Bodycare Body Scrubs and Butter

Deliciously healthy and fragrant, Strawberry's selection of Body Scrubs, Body Butters and Body Soaks, are both effective and innovative.

FIGURE FRIENDLY ORGANIC SUGAR

Based on organic raw cane sugar and plant oils to gently exfoliate the skin, whilst protecting and nourishing.

Sugar crystals are hexagonal in shape, making them gentler and kinder to the skin than salt. Also included is soothing, macerated Calendula oil excellent for sore, damaged and irritated skin, Olive leaf extract with powerful anti-oxidant activity, Avocado oil rich in Vitamins A and E both essential for healthy skin, and Jojoba oil, shown to increase skin softness by over 35% and to reduce wrinkles and dryness.

- Exfoliating, protecting and nourishing.
- Removes toxins at a deep level.
- Gentle for sensitive and delicate skin.
- More than 95% Organic Certified by the Soil Association and the Organic Food Federation.

DEEP MOISTURISING ORGANIC BODY BUTTER

Keep your skin moisturised all year round with our Organic Body Butter formulated with 100% Organic Plant oils. Great for use after bathing or showering – a little goes a long way!

Green People use Organic Hemp oil as it is a rich source of fatty acids, principally Omega-6, with small amounts of Omega-3 and Omega-9. More than 75% of the fatty acids in hemp oil are poly-unsaturated and are known for their excellent emollient and lubricating properties.

Jojoba oil is unique among plant oils, as it is actually a liquid wax, closely resembling the chemical structure of sebum, our natural skin and hair lubricant, and is also rich in Vitamin E.

- Relieve dry skin conditions.
- Rich in Omega-3,6 and 9 Fatty Acids.
- Gentle for sensitive and irritated skin.
- More than 95% Organic Certified by the Soil Association.

CLEANSING SPONGES AND MITTS

Cleansing with the Magic Mitt

Ever considered a new and invigorating facial cleansing method?

Try the Jane Iredale Magic Mitt. This new technology removes all makeup using warm water only! It leaves your skin squeaky clean!

Magic Mitt quickly and completely removes makeup using no cleanser. A great bonus for clients looking for an invigorating and different cleansing regimen.

The Magic Mitt cleaning process promotes the health of the skin, because it does not affect the skin's natural acid mantle, protecting the skin from harmful and invasive bacteria.

Made from specially knitted micro-fibers, many times thinner than a human hair, that when wet, create a hydro-mechanical process that breaks the surface tension of the oils that bond makeup to the skin.

This unique Magic Mitt will even remove mascara, and it gently exfoliates while it works.

A beautiful Facial Cleansing Experience with Jane Iredale's...Magic Mitt.

Tinting and Bleaching

Strawberry stocks well-known brands to care for your eyelash tinting and bleaching requirements.

Strawberry's Tip!

To avoid getting any tint onto the skin around the hairline, or lashes, apply a thin layer of petroleum jelly, or a dash of Jojoba Oil to the skin. The tint, if it comes into contact, should not penetrate through.

Health Tip!

Always perform a test patch for bleach, either on the wrist, bend of the arm, or on the neck. Put a tiny amount of product on the skin test area, and leave it overnight. If the area is very irritated, we recommend extreme caution and do not proceed with bleaching.

Professional lash perming by Hive.
All your product requirements for 32 perms.

Eyelash Perming 6

A spectacular new salon service
Eyelash Perming will completely transform the eyes, without the use of mascara or eyelash curlers.

Hive Eyelash Perming products provide an exciting and highly profitable treatment opportunity, giving an immediate new look for the client. Permed lashes remain curled for up to eight weeks, and are not "washed out" by showering, swimming or washing the face.

Cost effective and easy to use, a superb extra "income" generator for your salon or spa, and something your clients will love.

DELUXE MULTI FUNCTION INSTRUMENTS

10-FUNCTION INSTRUMENT

Beautifully designed with your spa in mind, this tidy and unique Multi-Function 10-in-1 Unit provides you with all the necessary tools to perform your facial and body treatments.

An added bonus is the hot towel cabinet, incorporated neatly into the unit, and the two handy bowls in easy to reach positions.

Features

- Steamer
- Woods Lamp
- Brush System
- Vacuum
- Spray
- High Frequency
- Galvanic
- Magnifying Lamp
- Hot Towel Cabinet
- Bowls

4-Function Instrument Galvanic Single Probe Plus Roller

Compact, functional and perfect for the busy salon, spa and college. Manufactured with 4 commonly used modalities, this Four Function Instrument is very cost effective and comes supplied with full accessories.

SINGLE FUNCTION UNITS

A wide selection of single function machines offering a variety of treatment modalities.

Vacuum and Spray Unit

For cleansing, hydrating and extracting. The vacuum strength can be changed accordingly as desired. It comes with a selection of three glass attachments for vacuum treatment.

Frimator Brush System

Ideal for both facial and body brushing treatments, our Frimator comes with a selection of six brushes, sponges and pumices. The rotation direction of the brush (both clockwise and anti-clockwise) is controlled by an easy to operate switch located on the hand-piece.

Galvanic Unit For the Face or Body

Supplied with full accessories, this Galvanic unit has a meter to show the variable current, as well as a changeover switch to enable reversibility of polarity. Single probe plus roller.

High Frequency Unit

Beautiful and compact, this High Frequency unit allows for adjustments in output. Current intensity can be monitored with the built in monitor. Three electrode attachments are supplied with the unit.

Ultrasound Machine

This computerised ultra sonic system is highly effective in the treatment of cellulite and slimming. Supplied with three attachments; two for the face and one for the body, this system pinpoints with accuracy the area specified for treatment. Pre-set treatment menus are available for the different areas.

VIBRATING MASSAGE UNITS

Vibrating Massager

Sturdy and well priced, this Vibrating Massager comes with 5 heads, has multi-speed adjustments, and comes with the very popular directional stroking feature.

Hand-Held Massager

Lightweight and easy to use, the variable speed Hand-Held Massager, makes a vibratory massage treatment quick and simple. Great for tense shoulders and backs too.

STERILIZING CABINETS

Steriliser Cabin Ultraviolet Ray

This sterilising cabin can be used to store instruments used during facial, manicure and pedicure treatments. The germicidal and disinfectant properties of the UV rays assist you in ensuring good health and hygiene.

Sterilizer Large & Hot Cabinet

This large type sterilising cabinet performs both sterilizing maintenance of tools and instruments, as well as functioning as a hot towel cabinet.

Equipment

Hot Towel Warmer Cabinet

Provide your clients with deliciously warm towels during their treatments. Our Hot Towel Warmer Cabinet leaves a lasting impression.

Body Mud Heater

Designed to enhance body and mud wraps by warming the product prior to application. The thermostat maintains the mud temperature at no more than 40 degrees Celcius.

HOT BLANKETS

Extremely durable and comfortable, our double-sided Electro-Thermal Blanket provides additional heat for any of your body treatments requiring thermal functions. Three separate thermal areas, and with timer.

Electro-Thermal De-Fat Blanket

Electric Under-Blanket

Standard heated blanket for use with any treatment bed. 70 x 90cm

LAMPS

High quality magnifying lamps, available with either a stand or a table clamp.

MDA Microdermabrasion

MDA MICRODERMABRASION

Strawberry's highly acclaimed MDA Microdermabrasion Machine offers you true treatment efficacy at a fantastic price. And to make it even more appealing, we have now included the cost of training Free with your MDA Kit purchase.

Undisputed leaders in the field of aesthetic microdermabrasion, Strawberry was the first company to introduce this treatment into salons and spas, bringing a new form of skin regeneration into the industry.

Minute aluminium oxide crystals travel at high speed across the surface of the skin, gently abrading the epidermal layer. The vacuum function at the same time, increases blood flow to the surface of the skin, improving elasticity and texture.

MDA Microdermabrasion...a must have treatment for your salon.

The MDA Microdermabrasion is highly effective for:

- Acne Scarring
- Age Spots
- Wrinkles
- Fine and Deep Lines
- Congested Skin
- Cutaneous Ageing
- Skin Discolorations
- Dry, Dehydrated Skin
- Sun Damaged Skin
- Stretch Marks and Other Scarring
- Thickened and Blemished Skin
- Open Pores and Comedones
- All Facial, Body and Hand Exfoliation

The MDA Microdermabrasion treatment is introduced into salons and spas to bridge the gap between the medical Clinic and the Skin Care Clinic, and can be used:

- As a complete course of 10 sessions - for total skin regeneration.
- As an intense series of sessions - for the treatment of scars.
- As a boost during any normal facial treatment - wonderful to replace a facial scrub, peeling or AHA.
- As a quick facial flash - just seven minutes of the MDA will liven, refresh and greatly uplift any complexion.....super before special occasions.
- A stunning manicure abrasion treatment - remarkable on the hands.

MDA Microdermabrasion Machine and Kit

Rental: The MDA Microdermabrasion System can be rented on a monthly basis from Strawberry. Please see the Rental section in this catalogue for additional information.

MDA Microdermabrasion

"Earn more and increase your profits with the MDA"

Strawberry Tip!

We recommend that the Jane Iredale Mineral Makeup Bases and Camouflage be used for clients after having MDA Microdermabrasion. The pure mineral content in the Jane Iredale bases help speed up cell regeneration and recovery, whilst providing remarkable, light diffused coverage.

SHIRODHARA

Indulge your client's senses with a unique and profitable Ayurvedic Shirodhara treatment.

Perform the ancient art of Shirodhara, the continuous and rhythmic pouring of warm aromatic oil on the forehead or 3rd eye.

This is a unique form of ancient therapy, developed thousands of years ago by the scholars of Ayurveda.

The beneficial oil is warmed to a perfect calming temperature, so when it flows over your clients forehead (3rd eye position), a warm, tingling sensation will penetrate their whole body, whilst nourishing their hair and scalp too.

Ayurvedic health categorizes people in one of the three "doshas". Shirodhara therapy balances a persons dosha, the "Vatta", "Pitta" or "Kapha", or specific mind-body type, thus bringing harmony to the mind, body and consciousness.

Shirodhara assists in overcoming daily stresses.

Benefits to your clients

- Calms and Balances
- Feeling of Overall Bliss
- Intense Relaxation
- Energizing
- Centering Effects
- Enriching Hair and Scalp

Shirodhara System

Benefits for you Salon and Spa

- New unique Culturally Diverse treatment to offer
- Become a trend setter in your area with something new
- You can perform Shirodhara and Reflexology at the same time
- Minimal Investment, Maximum Gain

The Shirodhara System features

- Three exclusive custom blended Shirodhara Essential Oils
- Custom blended Shirodhara Base Oil
- Adjustable 6 - 8 minute continuous Slow Stream Flow
- 8oz Amber Bowl
- Easy to set up and clean
- Comfortable Amber Head Rest and Oil Collection Pan
- Use this anywhere, on any Massage Bed!

The Shirodhara Kit includes

- Customs Amber Bowl
- Stand with Amber Head Rest and Oil Collection Bowl
- Extension Swivel Bar
- Shirodhara Base Oil
- Vatta Essential Oil
- Pitta Essential Oil
- Kapha Essential Oil
- Exfoliating Scrub
- Complete Shirodhara Instruction Manual

Our complete Shirodhara manual teaches you how to determine the correct dosha and needs of your client, so you use the appropriate oil to create the perfect treatment.

Shirodhara... It's easy, affordable and very profitable!

EUROPEAN TOUCH

European Touch is the leading manufacturer of whirlpool Pedicure Spas. Simply the most stunning addition to your spa and salon for signature manicures and pedicures.

Outstanding Features of European Touch Spas

- The optional patents-pending Crystal Clean Pipe-Free™ technology replaces traditional-style jets and internal water lines that can harbour bacteria. The water massage technology uses a whisper-quiet impeller that forces water through holes in the footplate, providing an invigorating yet relaxing massage for the feet.
- Simply...the Most Amazing Pedicure Experience Ever.
- Breathtaking Vibrating Massage System in the Chair Backs.
- All surfaces are constructed from materials resistant to most chemicals including acetone.
- Optional Power Drain Plus option offers the flexibility of using an existing wall drain versus installing a floor drain.
- The integrated spray hose provides fast and efficient spa cleaning.
- Two multi-directional jets for pedi-hydro treatment, are available in the traditional system.
- Both the left and right armrests swing open for easy access.
- In thousands of spas worldwide.

optional extras.

FORTE SPA

The Forte Spa brings state-of-the-art features and functionality to the finest salons and spas around the world.

The Forte Spa is rich in comfort, quality and innovation – qualities that make European Touch spas famous.

Additional Features

- The plush seat slides forward and back, and reclines at the touch of a button. A fully reclining option provides additional versatility.
- A range of base colour options.
- A choice of 10 upholstery colours and 9 stylish trim patterns accent your spa and compliment your overall décor.

Your clients are immersed in their spa experience as they take control of the soothing massage system, while luxuriating in the plush pillow-back seat.

In addition to exceeding the expectations of your clients, the Forte Spa also includes key features that provide you with added efficiency and convenience.

Our standard Forte Spa is the traditional piped whirlpool foot bath. European Touch's commitment to quality ensures a whisper quiet pump motor and two multi-directional jets for complete client comfort.

Crystal Clear Pipe-Free Technology

The optional patents-pending Crystal Clean Pipe-Free™ technology is an exclusive whirlpool system that is specifically engineered for European Touch pedicure spas. This technology replaces traditional-style jets and internal water lines, which can harbour bacteria. The water massage technology uses a whisper-quiet impeller that forces water through holes in the footplate, providing an invigorating yet relaxing massage for the feet.

Benefits:

- Prevents the need for internal water lines where bacteria can hide.
- Prevents the need for traditional style jets that can harbour bacteria and are difficult to clean.
- The easy to remove footplate allows all areas of the basin to be fully sanitized.
- The impeller creates a whisper-quiet water massage system to provide an uninterrupted conversation or relaxation. (Much quieter than traditional whirlpool jets.)
- The footplate allows water to massage both the front, back, and bottom of the foot.
- Another part of the Crystal Clean Pipe-Free technology is the Auto Clean 1 and Auto Clean 2 cycles.

ACCESSORIES

Manicure Trays

The perfect addition to your Forte or Altera pedicure spa! These easy-to-clean manicure trays allow multiple services to be performed simultaneously. The custom co-ordinated, colour matching surfaces are chemical-resistant and afford maximum convenience for manicures, laptops, magazines, drinks, etc.

Side-Arm Trays

The Floataway

Imagine experiencing profound relaxation, as if from meditation, and being cocooned in the comforts of a beautifully crafted and designed floatation tank.

Floataway, Europe's largest manufacturer of Floatation Tanks, offer the most exquisite selection of Tanks, fully modernized and state-of-the-art.

Curvaceous, modern and aesthetically pleasing, the Floataway Floatation Tank provides a unique and unusual form of hydrotherapy, and is the most modern, technology advanced floatation unit around. Efficacy, safety and ease of use are the foremost factors in Floataway's design and manufacture.

In Floataway the water is filtered and chlorinated, ensuring optimum hygiene, and the filter system operates between each float to maintain this level of cleanliness. Hydrogen peroxide, bromine and ozone can also be used instead of chlorine.

The Floataway has a full-length door, styled like a dolphin, and it is designed to be operated with the door open if the client prefers. Once the client steps inside, at the press of a button, the motorized door gently closes. At any moment, the door can be opened by the client with a simple push from inside.

The control box and filter housing are concealed, whilst the thermostat controls the skin temperature setting of 36 degrees Celsius. Extra comfort features include internal lights with a fader controlled by the client, and an attendant call button.

The Floataway

Please call us
for prices.

Outside Dimensions:

- Height: 142cm
- Length: 245cm
- Depth: 155cm
- Weight when filled: 850kg

The Floataround

Even more astounding is the Floataway "Floataround" system, a unique and cleverly designed method of providing floatation therapy with no closed-in feeling.

The Floataround is a round float pool, in a room 2,4 meters in diameter and features its own integral shower cubicle.

The client enters through one door, showers, and then steps into the pool, a 28cm deep area that is big enough to fully stretch the arms and legs. The high ceiling and open design prevents any feelings of claustrophobia.

The Floataround becomes the most remarkable centerpiece in your spa and wellness centre.

The Floataround

Please call us for prices.

SPECIALISED SERVICES

Sourcing

Strawberry has had many years of experience in sourcing the most competitive and effective products available to the salon and spa industry. If there is something you are looking for, and we do not stock it, let us know, and we will gladly find it for you, sourcing only the best!

Customised Manufacture

Simply the best in the business for coming up with inSPArational ideas, products and concepts, Strawberry offers you the chance to have your own customized furniture and equipment. Our in-house designers, mechanical and electrical engineers and think-tanks, can assist you in planning from start, a new piece of furniture or equipment, and taking it all the way through to manufacture and packaging. Simply enquire with us as to how we can assist you!

Servicing

Understanding the importance of maintaining equipment and furniture in perfect order, Strawberry offers both on site and in-house service and support. Our trained and skilled technicians perform quick repairs and services, taking all the strain out of maintenance for you.

Arabella South Africa Holdings and more specifically AltiraSPA have had dealings with Strawberry International for the past 3 1/2 years. Throughout this time the hotels have been more than satisfied with the service we have received from the company.

I was first introduced to Michelle and John in 2003, and was most impressed with their willingness to please and their desire to give efficient and professional service to us, the customers. I have always found them willing to assist, and it is clearly of paramount importance to them that the customer is happy with the product and the service.

Of particular interest to me has been their follow-up service. As with any equipment there are always some teething problems. Michelle and John, and their team of workers have always reacted promptly to our requests. They do understand the urgency required to fix something, and we have found that they do go out of their way to ensure that we are 100% satisfied. We enjoy the relationship we have with Strawberry International and we trust and believe that it will continue to grow.

Hans Hoefnagels
AltiraSPA Manager
Arabella Sheraton Grand Hotel, Cape Town

I have been dealing with Strawberry International for more than 2 years now. They supply all our spa operating equipment and our consumables. I have found all the staff a pleasure to deal with. They are always friendly, efficient and willing to assist. The quality of their products are fantastic.

Congratulations to Michelle and John and all the rest of the staff with a very successful company that I can recommend to anyone looking for professional and efficient service.

Rialette Truter
AltiraSPA Manager
Western Cape Hotel and Spa
Kleinmond

I was involved with the procurement of all relevant equipment at Sante Wellness Centre. My dealings with Strawberry International have been a very positive experience and all staff assisted me with a very professional approach.

Michelle especially went out of her way to assist me with all relevant information required, and all equipment was delivered on time.

I would like to thank all involved for a great working relationship, and will continue to purchase from your company for all future developments.

Lynette van Wyk
Sante Wellness Centre, Franschhoek

Setting the Standards - A Showcase of Success

Almost 10 years of experience in the industry have seen Strawberry going from strength to strength.

Owner managed and driven, John and Michelle Mountain have focused their attention on providing customers with unrivalled service and attention to detail.

Providing top quality products and services, Strawberry launches with this new catalogue, a number of unique solutions to a variety of needs, once again positioning the company as pioneers in the field.

We would like to thank all of our loyal customers world-wide for their continued support and faith in what we provide.
